Sajid@abnetbd.net

Dear Engr. Sajid Shaheb,

Salaam. I am back at my base office in New Jersey. Today, I faxed a letter addressed to Commandant Capt. Helauddin, along with the list of books we are sending.

I thank you very much for books, authored and gifted by you. I indeed did enjoy the warmth of your personality during my short stay at the Academy.

I look forward to more visits to your academy and we shall be happy to come by more books authored by you in the future. Keep writing and contributing to our society in the garb of a writer too.

Please let me know how we can help the Academy with the computer components that the Academy needs most. I remember that you mentioned about some basic components of the computer set, but I do not remember the exact terms you mentioned.

I shall place your request for the computer with my Chief Executive, who loves his Alma-mater so much.

That's all for now until I hear from you.

Thank you and best regards,

Nasrullah Chowdhury
